The Video Quality Experts Group (VQEG), established in 1997,
invites authors to submit abstracts for its

2nd E-Letter

with a special focus on

Objective Model Evaluation

The E-Letter editors encourage prospective authors to submit abstract proposals for
- Overview articles
- Recent advances
- Constructive criticism to existing methodologies
- Open research questions

regarding the following topics:
- Statistical tools for verification and validation of objective prediction algorithms
- Training and evaluation algorithms using machine learning
- Performance measurements and metrics for objective models
- Accuracy evaluation methods for scope limitations of objective models
- Combination algorithms for subjective assessment sets towards a global scale
- Good example studies of objective model evaluation

Timeline:
- 16th of May: Submission of title and short abstract (<350 words)
- 1st of June: Notification of acceptance
- 27th of June: Submission of 3-6 pages contribution
- 18th of July: Publication

For more information about submission see:
http://www.its.bldrdoc.gov/vqeg/eletter.aspx

Please send your title and abstract to the issue editors
Kjell Brunnström (Kjell.Brunnstrom@acreo.se) and
Marcus Barkowsky (Marcus.Barkowsky@univ-nantes.fr)
